Join us to advocate for the adoption of Tennessee children in foster care!

Share I Belong Project™ Videos On Social Media

1

There are over 350 children in TN foster care who are available for adoption. Through the I Belong Project™ videos, these children are given a face and a voice that need to be shared to increase the likelihood that just the right family will see it and adopt that child!

Host A Foster Friendly Event

3

Host a #FosterFriendlyTN event in the month of November! This could be a special appreciation event for foster families, an in store shop event supporting TKB, a Foster Friendly Friday where a % of purchases go towards an I Belong Project™ video, a foster care employee engagement lunch, or a round up campaign for your customers. It could even be a virtual event, pledge drive, or Facebook live interview. **This is an opportunity to get creative!**

Ask For Support For Tennessee Kids Belong

4

We are making a difference at the highest levels. We need leaders who see the big picture and desire to support an organization that is changing the story of foster care on a macro level. Please consider advocating within your business community to financially support the work of TN Kids Belong. Additionally your business, employees or customers could fund a video of a waiting child for only \$1000 or \$84/month for a year. **Over 50% of the kids we have videoed are now in an adoptive home!** [Donate Here](#)
